

Declaration on the Offer of an Open Licence to a Utility Model

The Mendel university in Brno,

owner of the utility model **n. 37776** named *„Živolovné zařízení pro odchyt volně žijících savců a sestava obsahující toto zařízení“*, registered by the Industrial Property Office of the Czech Republic on 19th of March 2024 under application no. 2024-41686, and protecting a technical solution created as part of the project n. SS06020195 *„Veterinární a sociologické aspekty výskytu volně žijících zvířat v urbánním prostředí jako podklad pro jejich efektivní management a rozhodování státní správy“* funded by the Technology Agency of the Czech Republic, carried out under the Environment for Life 2 program, Subprogram 2,

hereby grants, in accordance with Section 12 (2) of Act No. 478/1992 Coll., on utility models, Section 19 of Act No. 527/1990 Coll., on Inventions, and Sections 2358 et seq. of the Czech Civil Code, **a free, non-exclusive, and unlimited license** to anyone to use this technical solution for any purpose, including research, educational, and commercial use.

The Mendel University in Brno provides no warranty as to the characteristics or suitability of the offered technical solution for any particular purpose. **Any future licensee shall use the above-mentioned technical solution solely at their own responsibility** and expense and shall bear all risks associated with such use.

Each individual license agreement shall subsequently arise on the date on which Mendel University in Brno, as the licensor, receives a written and unconditional acceptance of this offer from the respective licensee. All such license agreements shall be governed by and construed in accordance with Czech law.

This statement is issued in accordance with the terms and conditions of the Technology Agency of the Czech Republic (TA ČR) funding provider and shall also be published in the repository as proof of public use of the project results. The underlying research data for this result will be published in the Zenodo data repository.

In Brno

.....
prof. Dr. Ing. Jan Mareš
Rector, Mendel university in Brno
